“The Ventilation Combination”

This new product by DLP Industries is an operational window insert/door combo for a standard size exterior door opening. This product is available in both full light or half light configurations making it the perfect new alternative to the old jalousie style doors. When the window is open, fresh air is introduced into the home, eliminating the need for a screen door. This product is offered with an amazing security screen option. With the window open, the security screen allows the cool breeze in and keeps the insects out, all without compromising security.

- Perfect for beach side residents
- Offered in IMPACT and NON-IMPACT
- Replaces old jalousie style doors
- Offered with clear or obscure glass along with several other glass options
- Excellent for condominium doors, patio doors, cabana bath doors, and side garage doors

Windsert door glass window is sold by Builders Hardware, installed in a Plastpro door, using Plastpro rigid polyfiber door frames and BHI door components.

*All doors sold are unfinished.
