Quality components

At BHI, we believe the use of quality components is the first step to producing best-in-class pre-hung units.

Builder's Hardware, Inc. (BHI), has always taken pride in using premium brands of components to create the best packages within its price range for the exterior and interior door pre-hanger.

BHI uses a handpicked list of components that stand the test of time, and endure the rigors of everyday use.

Quality...

Please also see our Plastpro Fiberglass Doors for the Doorshop and our ODL and Kenyon's Door Glass catalogs!

Industry respected...

- Door Frames by JM Eagle / Plastpro
- Thresholds, Astragals and Ventilating Windserts by DLP
- Security Three Point Locking Hardware by Trilennium
- And an extensive selection of assorted products: hardware, hinges, weather-stripping, door sweeps, finishing trim and brick-mold.

All created for real Florida living conditions.

Made in America...

JM Eagle/Plastpro, DLP, Trilennium, AirGuide, and Bommer are manufactured in the USA.

A majority of our system components are manufactured in the USA.

 plastpro® PF FRAMES™

FRAMES & MOLDINGS

plastpro® PF FRAMES™

Doorframes & Moldings

This rigid Poly Fiber formulation door jamb offers the very best in product performance, and is easy to use. Our innovative PF Frames can be machined like wood, look and feel like wood, and can be painted, faux finished or stained. The noticeable difference comes down to strength and durability.

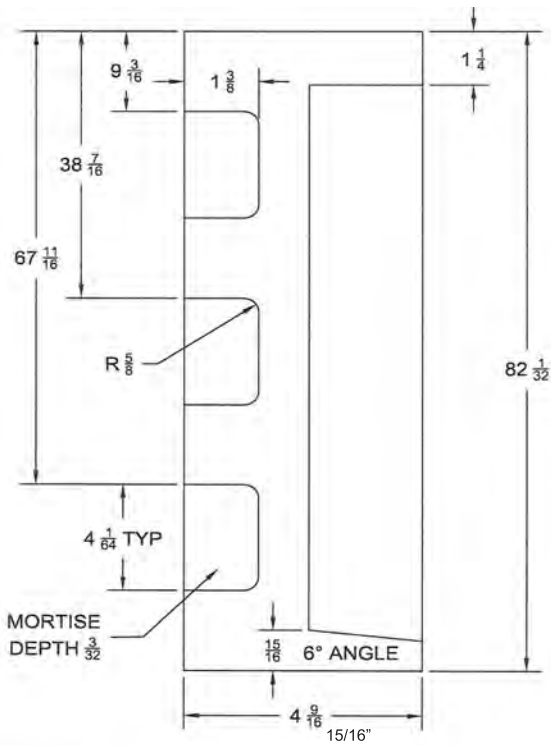

The closed cellular structure of our composite frames ensures that the molding will not absorb moisture, and that the frame will resist splitting, rotting and insect damage.

- Closed Cellular Structure
- Twice The Screw-Holding Power of Wood
- Rigid Poly-Fiber Formulation – Composite
- Easily Machined
- Stocked Prepped (including weatherstrip) and Non-prepped

EXTERIOR ASTRAGALS

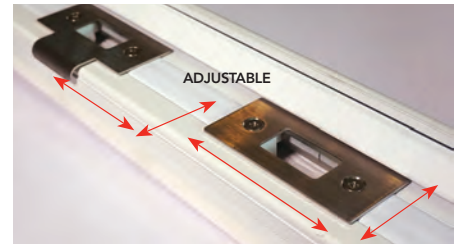

Aluminum Astragals

DLP INDUSTRIES, INC.

Aluminum exterior door T-astragals that offer security, and also stand out with honor among the best under Florida building code testing.

Features:

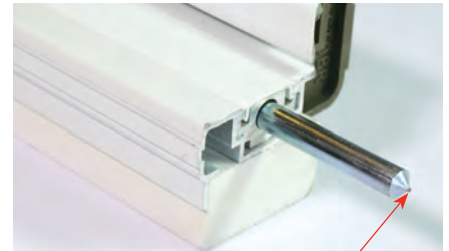

- Slide bolt with patented flip lever locking for security
- 4 way adjustable strikes
- Pin point punch
- Finish ability- Low priced-easy to stain option
- Available in white, bronze and tan stainable

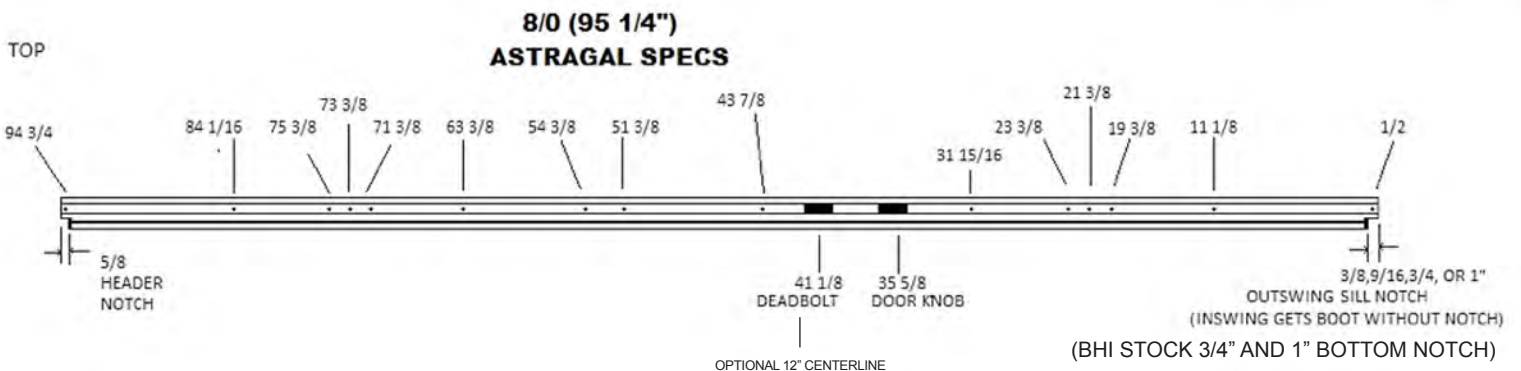

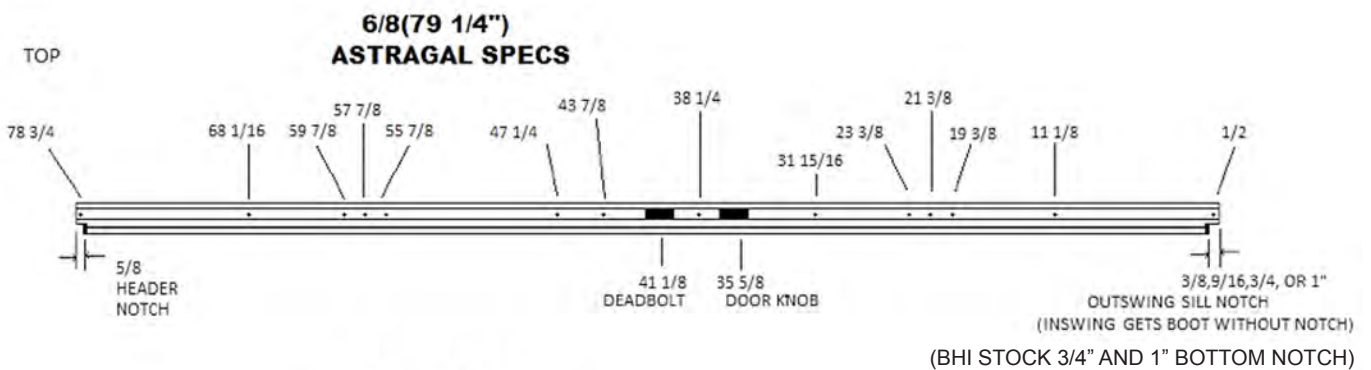

4-way adjustable (horizontal and vertical) strike latch plates

Flip lever locks

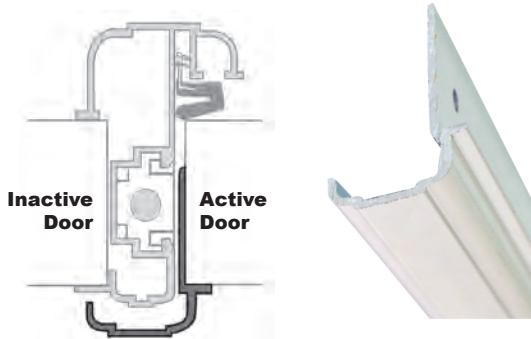

New slide bolt with machined center punch allows for precise bolt location and ease of installation.

EXTERIOR ASTRAGALS

Add on an Astragal Security Strip to any outswing double door combination for added security and clean finished appearance eliminating the reveal between the doors.

HINGES

BHI Hinges

One of the sayings we at BHI have in the door pre-hanging business is, if you have doors, beautiful door glass, all the door frames, thresholds, weatherstripping, locking hardware you need with machines and staff to hang doors- BUT YOU DON'T HAVE ANY HINGES- WELL, YOU ARE S.O.H. YOU CANNOT HANG DOORS.

Truth simply spoken.

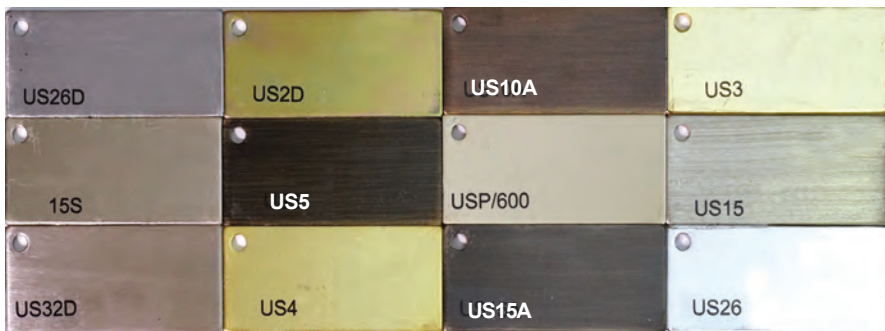

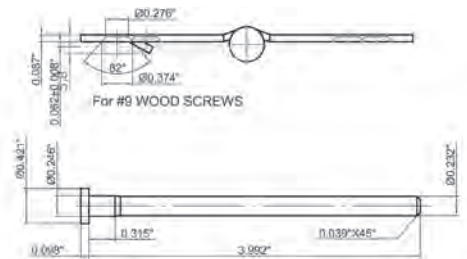

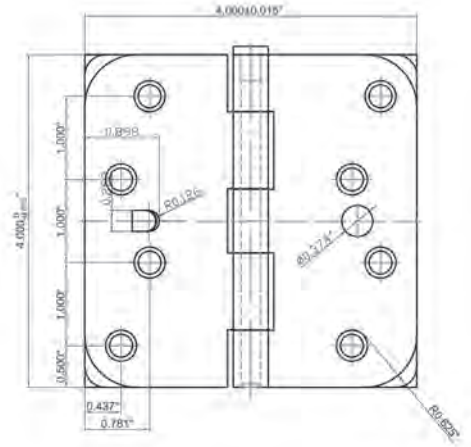

Often over the years hinges have been hard to come by. They are either in large supply and too cheap or too expensive and not available. Most companies have to use multiple sources to keep up with supply and demand for truly decent hinges, as well as, to get ALL the different kinds of hinges or colors they may need for different jobs.

This is where BHI can help you. BHI offers a wide variety of the TOP quality hinges at a very fair price that you may need for your door shop. And, when we tell you we have hinges to hang doors- we are not shy when it comes to inventory.

BHI offers the best-in-class hinges in stainless steel, and most popular U.S. colors.

Hinges for the door hanger, for exterior and interior doors.

We don't forget how important proper screws are!

Color chart for representation only.

WEATHER SEALS

Weatherstrip

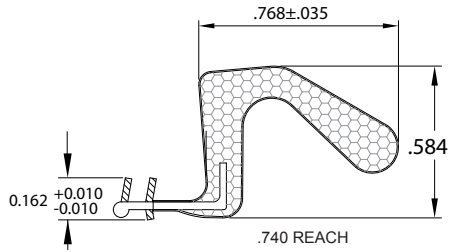

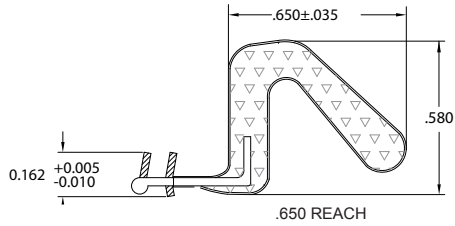

When it comes to keeping the good weather in and the bad weather out, Pro-Lon is the REAL deal. Manufactured in North America. Both Pro-Lon's short reach and long reach weatherstripping types are designed to stand the test of time in harsh environments. Their kerf door seals are designed to fit into jamb kerfs perfectly – not too tight – not too loose.

MULTI-POINT SECURITY HARDWARE

TRILENNIUM™ Multi-Point
Locking System

Security Hardware

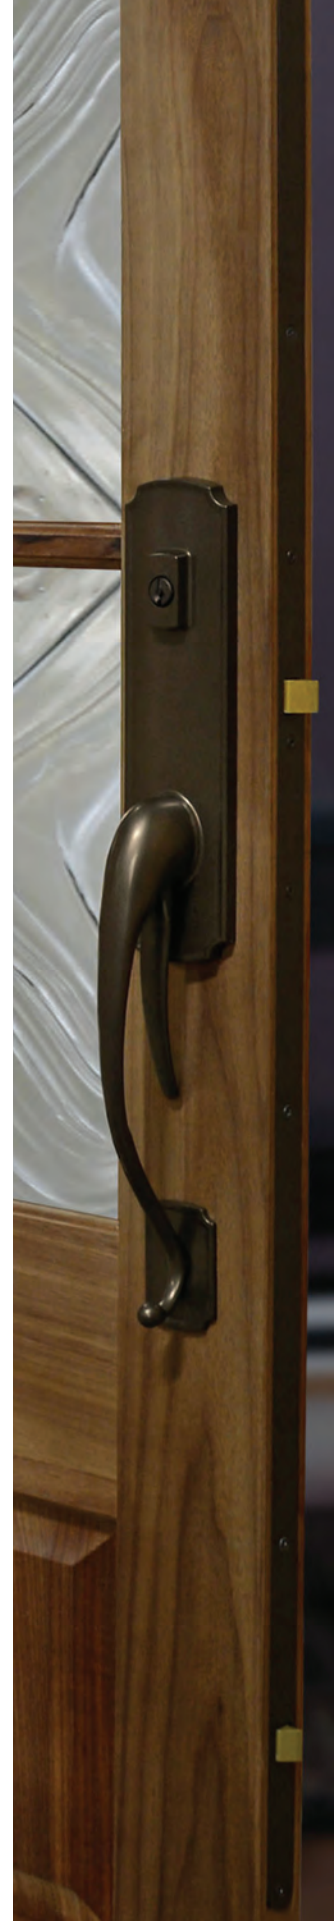

Security. Strength. Reliability. Performance.

Unmatched security doesn't have to mean compromised style. Trilennium offers a growing portfolio of attractive handset designs that features one solid unit with three latches based on the strength of patented I-Beam construction for reliable, proven strength and performance. Operating as one unit, all three latches engage when the door is closed. With one movement of the thumbturn or key activates all three deadbolts. Each latch is a deadbolt and adds increased protection for any home.

- Patented Strike Rollers and latches draw the door panel into perfect alignment with the jamb for a tight seal with no deflection
- A single downward turn of the interior handle releases all three deadbolts making it panic-proof
- Keying available; BHI stock trim sets have a Weiser Keyway, also available with Schlage C Keyway or Smart Key
- Manufactured in the USA
