CUSTOM DESIGNS

CUSTOM DESIGNS

*Quickly turn any glass
into a work of art.*

- Vetrilite is a one step decorative glass product that is easy to apply over any type of glass.
- Vetrilite's process was created by combining proprietary software, digital imaging and 3D technology to create a unique overlay laminate.
- Vetrilite art glass designs are created with multiple textures and patterns all on one overlay laminate.
- We have a library of standard designs to choose from which can be customized to your specifications.

ENJOY!

*Applications for doors, sidelights,
windows, transoms and more!*

- Vetrilite can then be trimmed and applied on different glass sizes.
- Create custom designs, logos, house numbers, street names, etc.
- Custom colors can be added to any designs.
- Sizing capacity up to 60" width by any height.
- Overlay leading can be added to create an additional illusion of actual stained glass.
- For decor change, overlays can be removed.

For quotes and custom orders please contact your local BHI Doors dealer.

Unit Height - 8/0 Outswing	96-5/8"	96-5/8"	96-5/8"	96-5/8"	96-5/8"	96-5/8"	96-5/8"		96-5/8"

All Pre-hung dimensions are based on (outside to outside frame) using Poly Fiber Composite door frames.

* 6/6 2/10 units – Undersized available for replacing sliding glass doors.

Installation:

You may observe some changes during the first 30 to 60 days. **DO NOT** clean the glass during this time. Vetrilite comes with its own adhesive that reacts with the laminating solution used to apply Vetrilite onto your glass surface. Your Art Glass Laminates needs time to dry, bond and cure! Your window may look slightly foggy, hazy or cloudy after Vetrilite is applied. **Do not be concerned, this is normal.** As the adhesive cures, your window will start to clear up. Depending on the thickness of the film, and the temperature, it can take between 30 to 60 days to fully cure.

Conditions of Sale:

A 2% tolerance for bubbles and imperfections is allowable and is considered very normal and acceptable. If an imperfection is not visible from 6 feet of distance, it is considered a peculiarity and a characteristic of the design.

Maintenance:

Clean your Vetrilite using only warm water with few drops of mild dish washing detergent, or Johnson Baby Shampoo. 1 bottle of water with 2-3 drops of Johnson baby shampoo, well mixed, is perfect. **DO NOT USE ANY PRODUCT CONTAINING AMMONIA.** Use a cloth or dry with a clean, lint-free paper or cotton towel.

Warranty:

5 year limited warranty
