EXTERIOR ASTRAGALS

Thresholds, astragals and ventilating door inserts (Windserts) made by DLP Industries are manufactured in Florida. From astragals that securely lock double door units, to thresholds that keep the air in and bugs out, to the famous door / window combo Windsert, DLP has one goal which is to make the best-in-class door components that meet and test with high honors to the Florida Building Codes, and they offer the very best service in the industry. It almost goes without saying, but DLP being local to Florida is a definite additional plus when it comes to service and minimum order quantities.

Features:

- Slide bolt with patented flip lever locking for security
- 4 way adjustable strikes
- Pin point punch
- Finish ability- Low priced-easy to stain option

Stainable version

4-way adjustable (horizontal and vertical) strike latch plates

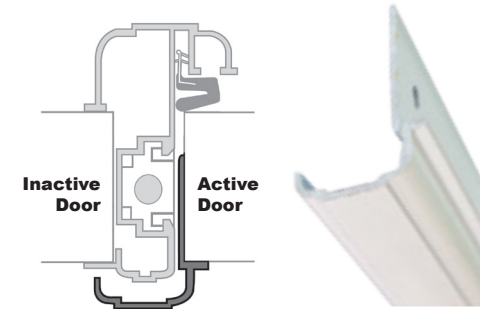

Flip lever locks

New slide bolt with machined center punch allows for precise bolt location and ease of installation.

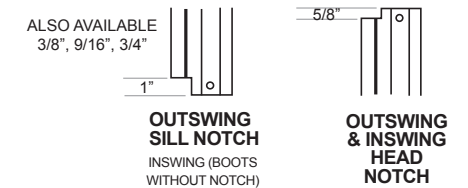

Add on an Astragal Security Strip to any outswing double door combination for added security and clean finished appearance eliminating the reveal between the doors.
