

GUARD DOG PET DOOR

BHI Doors

Guard Dog Pet Door

Designed for easy pet access and simplified security, this one-of-a-kind product is the perfect door accessory for pet owners.

PROTECTION from weather and atmospheric conditions (wind, rain, & severe weather)

SECURITY against forced entry featuring a unique locking system and reinforced panel

SIMPLICITY with easy and precise installation using a rectangular cutout and interior and exterior frame (Installs like a door lite insert)

ENERGY EFFICIENCY using a sealed and insulated security panel and pet flap with a magnetic air seal

AVAILABLE in two sizes:
Medium - up to 35lb dog (flap size 6-5/8"W x 11-1/4"H)
Large - up to 100lb dog (flap size 10-1/4"W x 15-3/4"H)

The Pet Door for the Homeowner

The Guard Dog Pet Door provides easy pet access while ensuring peace of mind for the homeowner.

SIMPLE The security panel turns easily on a lift-off hinge and fastens with a single turn of the lock to limit pet access and protect the home.

SECURE The hinged and reinforced locking panel locks from the inside of the home to keep intruders out.

SUSTAINABLE Made partly from recycled materials, the Guard Dog Pet Door uses a polyurethane foam insulated security panel, an insulated tri-panel pet flap, and weather seals on both to keep the air in and the elements out.

SYNERGISTIC Meeting structural building codes and providing a desirable form and function, the Guard Dog Pet Door comes pre-installed in your door before it is installed in the home.

Compromise with your pet without compromising your home

LOCKING SECURITY PANEL

Hand turn lock with a hardened steel throw is simple and easy to operate.

The guard dog security panel operates on two lift-off hinges and can be easily removed when the door is unlocked and open but are strong and resilient when locked closed. For use in doors smaller than 3' wide and for homeowners who keep the dog door open most of the time.

MODERN DESIGN with clean lines and a flush profile, for utility with a residential look.
