

Aluminum T-Astragals For 1-3/4" Exterior Doors

DLP's astragals exhibit superior structural design and meet the strict Florida building code requirements for the High Velocity Hurricane Zone. The DLP astragal is tailored to provide your double door entryway with increased security and weather protection. Engineered for easy installation and operation, they have multiple advanced features:

- 4-way adjustable strike plates for perfect alignment of door hardware
- Designed for simple installation
 - Fitted with #8 self-drilling pan head screws
 - No bolt casing disassembly required
- Advanced slide bolt with:
 - Patented locking flip lever for security
 - Machined center punch for a precise bolt location and ease of installation
- Finish Options
 - White
 - Bronze
 - Stainable finish that allows for top-coating to match your doors using an oil-based stain, a latex paint, or an oil-based paint
- Come standard with Q-Ion weatherstripping and unique rubber boot seals
- Prepped to any specification for no additional fee
- Component approval FL14805.4 - FL14805.7

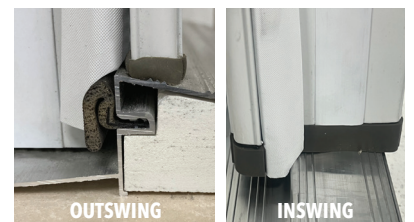

4-way adjustable (horizontal and vertical) strike latch plates

Secure flip lever locks

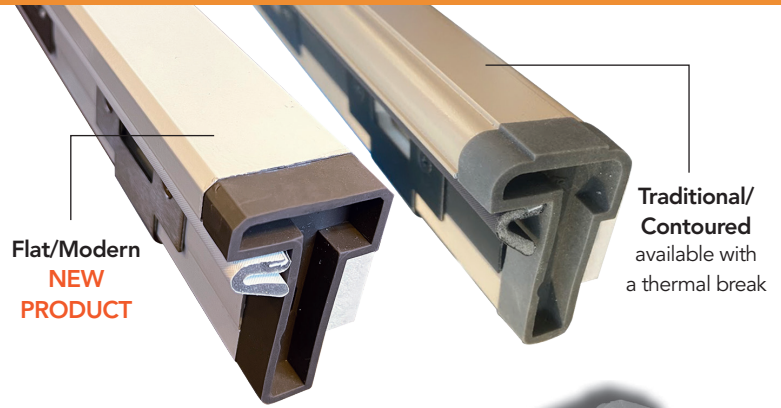

Slide bolt w/machined center punch allows for precise bolt location and ease of installation.

ASTRAGAL SECURITY STRIPS

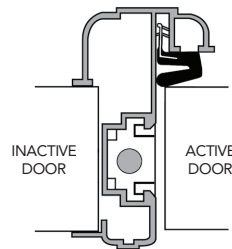

ITEM#	DESCRIPTION	FINISH
6/8, 8/0		
ASTSS Nominal Lengths: 6/8 79-1/4" 8/0 95-1/4"	Left Hand Outswing Door	White Stainable
	Right Hand Outswing Door	White Stainable

Special sizing available.

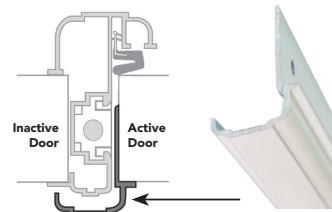

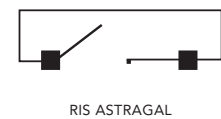

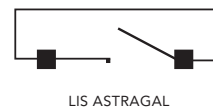

Astragal Security Strips are the same hand as the active door.

Outswing astragals have threshold and head notch / inswing astragals have only head notch. Standard size notches listed above, other notch sizes can be made.

Astragal handing is ordered **OPPOSITE** of the active door.

Add on an Astragal Security Strip to any **outswing** double door combination for added security and a clean finished appearance eliminating the reveal between the doors.
