

BHI Doors

SINCE 1963

2025 INTERIOR COLLECTION

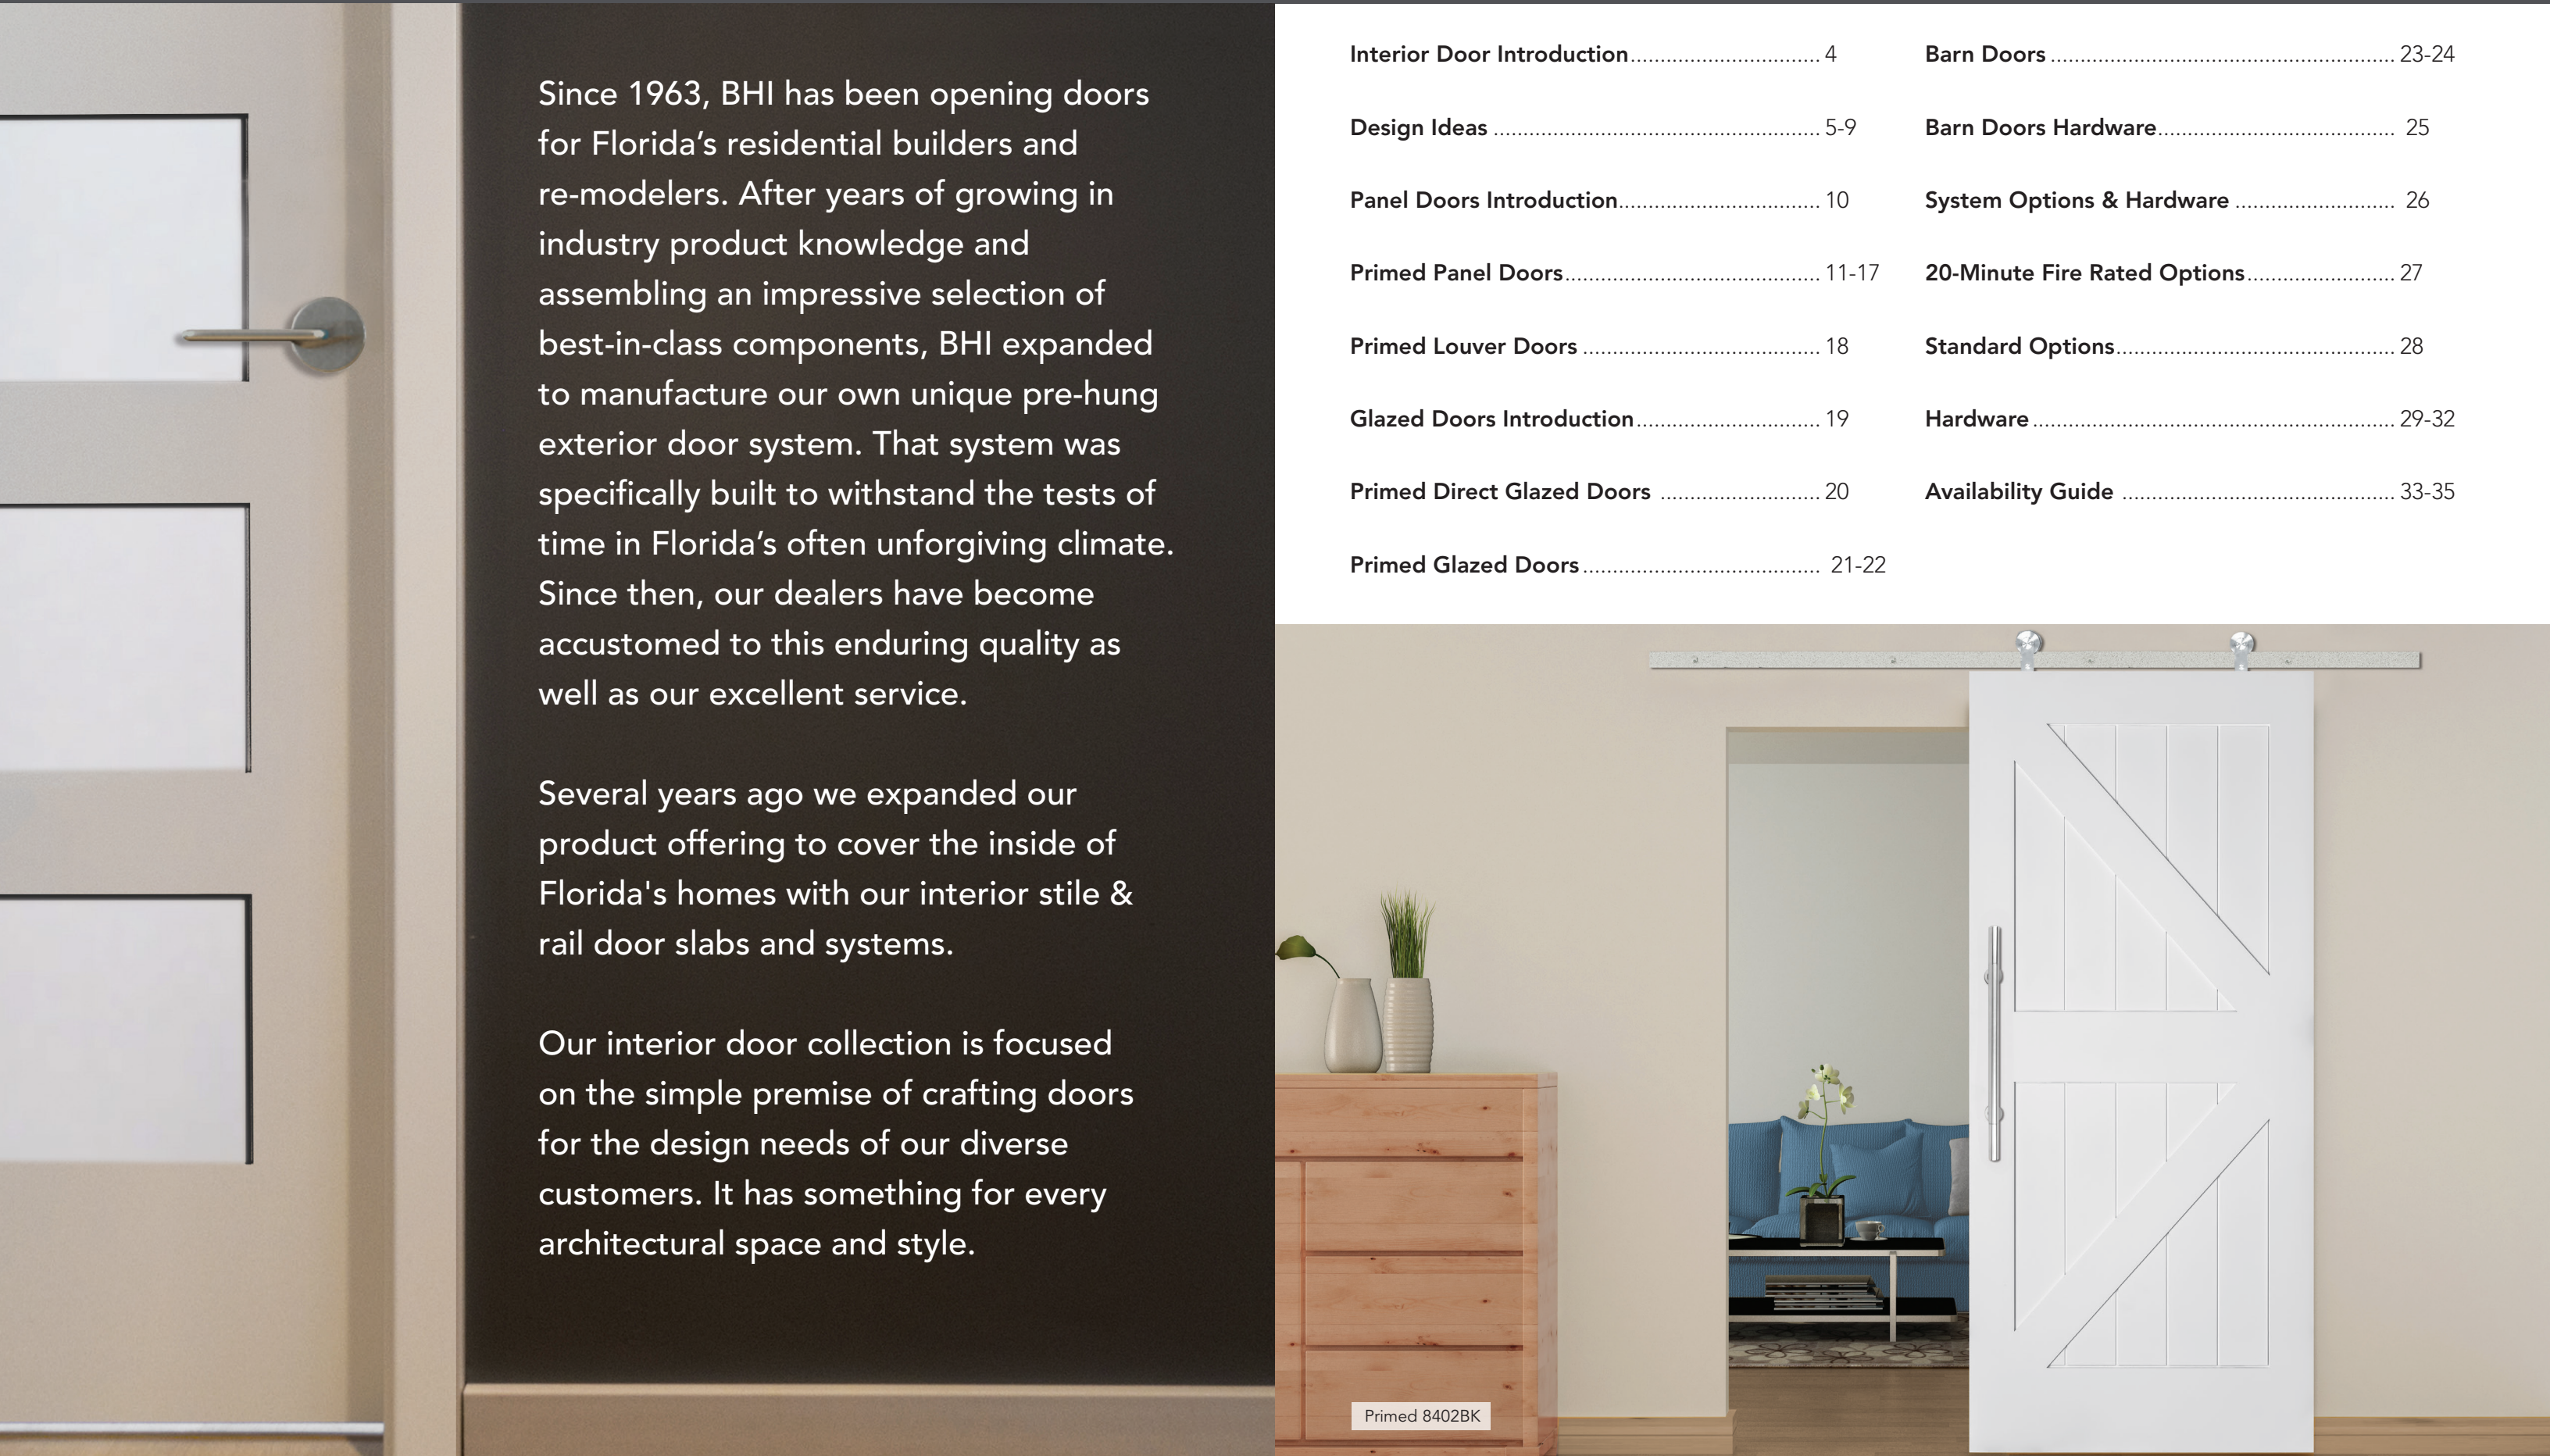

www.bhiflorida.com

Since 1963, BHI has been opening doors for Florida’s residential builders and re-modelers. After years of growing in industry product knowledge and assembling an impressive selection of best-in-class components, BHI expanded to manufacture our own unique pre-hung exterior door system. That system was specifically built to withstand the tests of time in Florida’s often unforgiving climate. Since then, our dealers have become accustomed to this enduring quality as well as our excellent service.

Several years ago we expanded our product offering to cover the inside of Florida's homes with our interior stile & rail door slabs and systems.

Our interior door collection is focused on the simple premise of crafting doors for the design needs of our diverse customers. It has something for every architectural space and style.

CONTEMPORARY

Contemporary homes reflect the architecture and design of today. They represent sharp design and clean curb appeal.

CRAFTSMAN

Craftsman homes emphasize hand-worked touches and beautiful detailing. Popularized at the turn of the 20th Century, it remains a popular design aesthetic.
